

## **LASER PROCESS LIMITED ENVIRONMENTAL POLICY STATEMENT**

The Managing Director of Laser Process Limited is aware of his responsibility for the environment and the effects the Company has on it.

The Managing Director is committed to providing customers with products produced in an environmental efficient factory. The Managing Director has reviewed all company operations and processes against the requirements of ISO 14001 and follows the general principles of environmental management systems given in ISO 14001 by implementing the following.

- The Managing Director is committed to continually improve the environmental performance of the company and to prevent pollution of any kind.
- When required, provide new plant and equipment with an improved environmental performance over the plant and machinery it replaces.
- Where possible introduce waste management systems that minimize waste by re-use, re-cycling and safe disposal.
- Review environmental management systems within the factory during the annual management review meeting.
- Provide a framework within the policy statement to set environmental objectives and targets and their review.
- Make this policy statement available to all employees and the public.

David Lindsey  
Managing Director
